

## Goodwood Sprint, AC Owners 10 September 2022

This invitation meeting on our programme only attracted two of our members this year. Andy Raynor was with his usual Cooper Mk V and Alistair Dent, who had taken over the entry initially made by Hamish Cameron, driving the familiar Hornet. The meeting format was to be one practice and then four timed runs.

Under a warm blue sky with some white clouds, Alistair was the first one out. This was his first driving visit to Goodwood and its wide open spaces, so the layout was going to take some quick learning.

Mid morning saw the first of the competition runs, with Andy bettering his time from our visit a month earlier and Alistair picking up his pace significantly.

Before the lunch break we got in two further timed runs. Andy showed great consistency and Alistair got faster each time, especially after changing the spark plug and upping his gearing a shade.

After the lunch break came the last run of the meeting. Alistair could not find any more time but Andy did manage to record a personal best.

With the meeting over well before 3pm, both drivers were able to set off in good time on their long journey's home after a very enjoyable day.

## Results

		P	T1	T2	T3	T4
Andy Raynor	Cooper MkV Norton	123.04	117.40	118.01	118.11	<b>117.23</b>
Alistair Dent	Hornet JAP	149.32	136.96	133.41	<b>125.77</b>	126.57
