

Last Saturday saw our annual hillclimb take place at what must be the most picturesque venue in the Country, Wiscombe Park.

96 cars and 31 bikes gathered in the paddock under sunny blue skies including a fabulous 28 entries from members of our club in class 6 & 7.

The hill has just been resurfaced so we were in for some good times.

Practice got away around 8.30 with competitors keen to explore the grip levels on the new tarmac.

Following the lunchbreak competition got under way, thankfully with little delays during the afternoon with everyone successfully completing two competitive runs.

Tom Waterfield came out on top of class with a time of 47.24, 0.2 shy of Nick Reynolds record set in 2017.

In Class 7- 500 OA cars over 500cc & formula junior combined, Russell Haynes in the Elva 200 was top with a time of 47.12.

Charles Reynolds secured 2<sup>nd</sup> in class with a time of 47.98 (Cooper MK 7 1100cc).

Concluding the meeting Duncan Rabagliati conducted the award presentations in fine style.

We are of course very grateful to all at Wiscombe Ltd, Woolbridge Motor Club and all the Marshalls and volunteer's for contributing to a successful day and of course Lesley De La Roche for processing, querying and chasing entrants for all the required documentation.

Finally, of course the Competitors – thank you for coming along and taking part supporting your own club's event and contributing to "a good day out"

Don't forget constructive feedback, positive or negative is always welcome to help us improve any detail.

See you all next year.

Mike Fowler
