

Chateau Impney Hillclimb.

Invitation event 13/14 July 2019

The annual midlands motorsport jamboree this year saw an unusual mix of cars representing the 500 era. Mark Riley once again took the spoils chased all the way by Stuart Wright while newcomer at the venue, Vic Deane, took 3rd spot. In the 'big class' of cars up to 1,500cc, five V-twins were running with Simon Brown being the fastest and taking 2nd in class.

Apart from the regular Coopers were Edwin Jowsey in the immaculately rebuilt Wasp, Simon Frost in the Triumph engined tail planed Terigi as campaigned at Croix the week-end before, son Angus in the diminutive Monaco running single cam Norton, Dermot Johnson over from N.Ireland in his well rebuilt first ever Kieft, plus regulars Jan Nycz's Staride and Andy Raynor using his JBS.

Saturday was practice day as usual, with timed runs on the Sunday. Both days were dry, with Saturday overcast until the afternoon.

A full report of the meeting will appear in the next edition of 'The 500'.
